Summary: LATE FILED. On August 8, 2001, Edward W. O'Neill, attorney for Delta Energy Center, LLC ("Delta Energy"), met with Tom Long, advisor to President Lynch, in San Francisco. Also present was Alex B. Makler of Calpine Corporation; Joseph E. Ronan of Calpine Corporation joined shortly before the meeting concluded. Referring to Delta Energy's Emergency Motion for issuance of an Assigned Commissioner's Ruling granting interim authorization, O'Neill stated that the commercial operation date of the Delta Project had been delayed and that there is no way the impact of the delay in obtaining Commission approval to proceed with the construction of the transition structure can be determined at this time with absolute precision. Makler expressed that the commercial operation is currently being delayed on a day-for-day basis. Ronan reiterated Delta Energy's interest in obtaining prompt Commission consideration and action on its Emergency Motion.

Summary: LATE FILED. On August 2, 2001, Steven F. Greenwald, attorney for Delta Energy Center, LLC ("Delta Energy"), met with Laura Krannawitter, advisor to

Cmmr. Duque, in San Francisco. Also present was Edward W. O'Neill, attorney for Delta Energy. Referring to Delta Energy's Emergency Motion for issuance of an Assigned Commissioner's Ruling granting interim authorization for use of a small amount PG&E property immediately adjacent to an existing PG&E switchyard for an electric transition structure necessary to interconnect the Delta Energy Center to the grid, Greenwald stated that expedited Commission authorization is required in order for plant construction to remain on schedule for commercial operation to meet Summer 2002 peak demands. Greenwald also stated that the proposed order, which would have granted Delta Energy's Emergency Motion, but only on the condition that an officer of Delta Energy sends a letter to the Commission acknowledging the Commission's authority under three Public Utility Code sections and consenting to appear at a hearing on an order to show cause to determine whether criminal and civil sanctions should be imposed, would raise significant legal issues and would require thorough legal analysis of the potential impacts of such action.
